

Value and Selection Are Important to Our Customer, Too

As the preferred card payments processor for more than 500,000 business owners, we've learned what matters most to our customers... from independent franchises to national brands!

WorldPay helps:

➤ Speed up your cash flow

- Proceeds from your card payments are deposited into your bank account quickly.
- Batch out by 4 AM ET to receive same-day deposit into your Citizens or Charter One account. Batch out by 8 PM ET and funds will be deposited into all other accounts the next business day.

➤ 24/7 with US-based Customer Service

- Highly trained technical support is available any time in virtually any language.
- Secure, real-time reporting makes it easy to reconcile your books, whether you are looking for the amount of yesterday's deposit or details about a card payment 18 months ago.

➤ Make it easy to accept payments

- WorldPay eliminates the middleman - and their extra fees - by processing directly to the payment networks
- Works on most counter-top terminals, integrated cash register systems, e-commerce gateways, smart phones and tablet devices.
